It will be seen from the foregoing statements that every year the Society is gaining strength, and the number of women employed increased.

The requirements of the Society, owing to the continued distress among the industrial classes this winter, will necessitate a considerable addition to the number of subscribers—as we may expect that many persons who hitherto have never solicited charity will become the recipients of such aid as our Society dispenses.

Thankful to those who have always helped us, we earnestly desire that all may continue to favor us with their aid and support, and ask from each member of the Parish, an early subscription to assist its work, remembering the sacred declaration, "Blessed be the man that provideth for the sick and needy: the Lord shall deliver him in the time of trouble."
